Joelle,  
Enclosed are 5 documents (in draft) for your review. Document #1 is the Reclamation contract for Barneys Canyon (pages 2-8 of the fax). With the exception of one small change required on page 6 of the fax, this document should be ready to finalize. Document #2 is the reclamation contract for the UCD Modernization. (Pages 9-15 of the fax.) On page 10 of the fax, you will note that I will need to add details once the ILOC has been established both with regards to amounts and the breakdown between ILOCs and surety bonds. Document #3 is the Reclamation Contract for the Copperton Concentrator Modernization Project. (Pages 16-22 of the fax.) Page 17 notes that I will need to make changes/additions to this page once the ILOC has been established. These changes will be similar to those made on the Reclamation Contract for the UCD Modernization. Documents #4 and #5, pages 23-30 of the fax, are two draft ILOCs reflecting financial assurance increases on the UCD Modernization and the Copperton Concentrator Modernization Project.

Upon completion of your review, please let me know what changes are required before I finalize the documents.

Thanks for your help, Ken
